PONDICHERRY UNIVERSITY
R. VENKATARAMAN NAGAR
PONDICHERRY - 605 014.

FOREWORD

Decennial to the Dozenth - From the Tenth Year to the "Twelfth. Pondicherry University surges forward.

But whatever happened to its Eleventh year? What has it "been doing the year? What was the position at the end of the "year?

This Annual Report answers.

It telescopes the total picture. And then individualises "the accomplishments.

It begins with the story, goes over its Academic and "Research Programs, its Developmental Activities, its Affiliations "and some?

And then the Report elaborates.

It tells about the Academic Wings, Schools, Departments, "Centres - the intakes as well as the achievements of the "students, the teachers and the wings themselves. It tells "about the Administration - the efforts and the achievements of "its officers and the staff. It tells about the re-searches, the "publications, the seminars and the meets, the funds attracted for "projects and consul-tancies. It tells about the infrastructure, "the buildings, the equipment, the facilities. It tells about the "finances - the sources and the uses, the investments and the "returns.

"Above all, it tells about the University's focus on Quality "- quality of education and its options, quality of its delivery "systems and management. As well as the steps taken. More are to "follow: Rationalisation of Work, Value Addition, Economy "measures, Networking, Social Linkages, Beau-tification, Team Work "and Moral Commitment.

Who should one thank for all these and more but the "stakeholders - the students, the faculty, the administration (the "officers and the staff), the people and the government of this "Union Terri-tory. To the list we add the University Grants "Commission, the Ministry of Human Resource Development as well as "Government of India. Also those intellectuals and benefactors "who believe in participating and assisting.

All these would not have been possible unless the "University and, therefore this Annual Report, draw their strength "from India's greatness and the Almighty's munificence. They "have.

Officiating Vice-Chancellor
